- can provide pd in any LS or CE
- must attends SIM PDer Update once every 2 years
- can access StrateNotes and SIMville with annual subscription(\$50)
- PPDI and update costs covered by FDLRS Administration

- can provide pd only in specific routine or strategy
- may attend SIMPDer Updates
- does not have access to StrateNotes or SIMville
- Specialistcredential(\$100)andupdatecostsnot covered by FDLRS Administration

#### **7** UNLIKECATEGORIES

- variety of SIM pd that can be provided
- access to SIM Network resources (PD support)
- funding from FDLRS Admin.

#### 8 SUMMARY

LS or CE Certified Professional Developer and Specialist Micro-credentials both allow educators to provide SIM professional learning opportunities.
They are similar in that they can provide implementation support and submit the same information to FDLRS Administration, but differ in the variety of SIMPD that can be provided, the access to SIM Network resources, and funding from FDLRS Administration

Step 1: Communicate targeted concepts

Step 2: Obtain
Overall Concept

Step 3: Make lists of known characteristics

Step 4: Pin down

Step 5: Assemble LikeCategories

Step 6: Record Unlike Characteristics Step 7: Identify
UnlikeCategories

Step 8: Nail down asummary

Step 9: Go beyond the basics
