

Electronic Professional Development

E-PD

cultivates students academic achievement and teachers
professional growth

Teachers can learn SIM Content Enhancement Routines with

- * no disruption to their classroom
- * no travel
- * no attending workshops at inconvenient times.

The modules in this series offer

- * self-paced interactive study
- * hands-on learning
- * accompanying guidebooks
- * networking opportunities with colleagues
- * interaction with an online professional developer, who serves as a coach to guide teachers on this journey.

E-PD is designed for Florida's teachers, particularly in middle and high school. If you know teachers in an academic or career content area who is interested in enhancing the effectiveness of their instruction, the professional development modules in this series can assist you in providing high quality professional development to them.

Inservice points may be earned through a school district or local FDLRS center.

Components of the E-PD website:

The E-PD website includes these components.

- * an online resource notebook
- * an introduction to the module
- * a learning package for specific routines within the module, organized into four phases of professional development.
